VOLUME 1

EDUCATIONAL TECHNOLOGY IN ELT – GENERAL INTRODUCTION AND THE USE OF VIDEO

PATRAS 2005
CONTENTS

Volume 1

CHAPTER 1

Introduction to Educational Technology for ELT

General aims of the chapter ................................................................. 13
Expected outcomes/objectives ............................................................. 13
Key concepts ...................................................................................... 13
Introductory remarks ........................................................................ 14

Section 1.1

What is ‘Educational Technology’? .................................................. 17
1.1.1 Brief History of Educational Technology ............................... 18
1.1.2 What technologies .................................................................. 20
1.1.3 Why should the language teacher be concerned with new technologies? .......... 23
1.1.4 How can pedagogy benefit from Educational Technology? ............. 25

Section 1.2

The use of Educational Technology ............................................... 29
1.2.1 How can educational technology be effectively used in language learning? ...... 29
1.2.2 Appropriate and effective methodology ..................................... 29
1.2.3 The relevance and authenticity of the materials that we use ............... 30
1.2.4 The relevance and authenticity of the tasks that we set ..................... 31
1.2.5 The changing role of the teacher and the learner ......................... 31
1.2.6 Classroom research which needs to take place to highlight good practice ...... 32

Section 1.3

Barriers to technology use and ways to overcome them ..................... 33
THE ROLE OF VIDEO IN ENGLISH LANGUAGE TEACHING

General aims of the chapter ........................................................................................................53
Expected outcomes/objectives ......................................................................................................53
Key concepts ................................................................................................................................53
Introductory remarks ..................................................................................................................53

Section 2.1

Introduction – Video as a teaching tool ....................................................................................56
2.1.1 The role of video ..............................................................................................................57
2.1.2 Reasons for using video in the language classroom ........................................................59

Section 2.2

General ELT Video Materials .................................................................................................62
2.2.1 Classification and features of video materials ..............................................................62
2.2.1.1 Scripted video materials .....................................................................................62
2.2.1.2 Off-air video materials .....................................................................................63
2.2.1.3 Features of off-air materials .............................................................................64
2.2.2 Examples of scripted video materials ..........................................................................65
2.2.3 Examples of ‘off-air’ materials ....................................................................................69
CHAPTER 3

Maria Kanellopoulou

THE USE OF VIDEO IN THE LANGUAGE CLASSROOM  

General aims of the chapter ................................................................. 101
Expected outcomes/objectives ............................................................... 101
Key concepts ......................................................................................... 101
Introductory remarks .......................................................................... 102

Section 3.1

Using video as a resource ................................................................. 104
3.1.1 Planning video into the syllabus .................................................. 105
3.1.2 Integrating video into the lesson .................................................. 105
3.1.3 Preparing a video-based lesson ................................................... 106
3.1.4 Viewing Techniques ................................................................. 108
3.1.5 Practical considerations when using video in the classroom .......... 114

Section 3.2

Video in Self-Access ............................................................................ 118

Section 3.3

Using video for skills development ................................................... 123
Selecting video materials for the language classroom 187

General aims of the chapter ................................................................. 187
Expected outcomes/objectives .............................................................. 187
Key concepts ...................................................................................... 187
Introductory remarks .......................................................................... 188

Section 4.1

Selecting the appropriate video materials ........................................ 190
4.1.1 Criteria for selecting ELT video materials ............................... 191
4.1.2 Selecting non-ELT materials .................................................... 198
4.1.3 Selecting the appropriate print-based materials ...................... 200

Section 4.2

Evaluation Tasks .................................................................................. 203

Section 4.3

The future of video .............................................................................. 210

Synopsis of Chapter 4 .......................................................................... 211
Answers to SAQs and Viewing Tasks .................................................. 212
References .......................................................................................... 221
Video Materials ................................................................................... 222
CHAPTER 5
Diane Slaouti

COMPUTERS IN THE CLASSROOM:
A FRAMEWORK FOR EVALUATION 283

General aims of the chapter .................................................................283
Expected outcomes/objectives ..............................................................283
Introduction ......................................................................................287

Section 5.1
Computers and classrooms .................................................................289

Section 5.2
Tutorial perspectives: an overview of ELT software .................................293

Section 5.3
Evaluating software ........................................................................298
Answers to SAQs .............................................................................319
Annotated Bibliography ..................................................................326
