

Invitation by DAISSy-HOU to the hybrid event on "Supporting the professional development of students", of the NEFELE project

The [DAISSy research group of the Hellenic Open University \(HOU\)](#) invites you to take part in the multiplier event on **"Supporting the professional development of students"**, which takes place through a hybrid mode on **Tuesday, February 13, 2024 at 18.00 (hotel "Byzantino", Patras, Greece)**.

The event is addressed to pre-service and in-service teachers, teacher trainers, career consultants, psychologists and is open to all. Its main aim is the dissemination of the results of the European project **"Neet prevention in Educational systems through positive Future vision Enhancing Learning and teacher Education-NEFELE"** European project, currently undergoing by the DAISSy-HOU, as the Greek partner. It emphasizes on the introduction and the familiarization with the **NEFELE educational model**, which is designed so as to empower teachers and career counsellors with the tools and knowledge for an integrated approach and for the enhancement of students' careers.

As a result, the participants of the multiplier event will be able to explore the NEFELE Massive Open Online Course (MOOC) and immerse themselves in deep learning. They will also have the opportunity to familiarize themselves with the NEFELE digital game, an innovative game specifically designed for careers.

More precisely :

- 📌 It is provided free of charge to anyone interested, at international level.
- 📌 Pre-registration is not needed.
- 📌 Online participation is possible by using the following link:
<https://us06web.zoom.us/j/88580099523?pwd=wRM1NsaApU3lYTKI7lwfbSKGuHaPM3.1>
- 📌 A certificate of participation is provided to anyone wishing for it.

🔗 **NEFELE** is a thirty-month project (1st December 2021-31st May 2024), funded by the Erasmus+ EU programme and implemented by a consortium of six (6) partners from five (5) countries (Spain, Italy, Italy, Switzerland, the Netherlands, Greece), with DAISSy-HOU as the Greek partner. The Research Group is responsible for the development of the MOOC and the e-learning platform - it shares a longterm experience in MOOC development and it has been working intensively, so that to provide a modern educational tool for fulfilling the needs of teachers, effectively.
