P l o u s i a M i s a i l i d i
Professor of Psychology - Developmental Psychology, University of Ioannina
Email to: pmisaili@uoi.gr

Plousia Misailidi is Professor of Psychology - Developmental Psychology at the University of Ioannina, Greece. She received her MA and PhD from the Institute of Education, University of London. Her research interests are in theory of mind especially as it relates to children's emotional development. Current research efforts include children's theory of mind and their developing awareness and understanding of self-conscious emotions, such as shame and guilt. She is author of a book [in Greek] on the development of theory of mind in childhood, co-editor of a book on metacognition, and guest-editor of a volume on young children's theory of mind.
