Academic title/subject module/Institution: Professor/Psychology of Sport and Exercise/DUTH

Email to: empempet@phyed.duth.gr

He is a graduate of the University of Wisconsin-Milwaukee in the United States. He continued his postgraduate studies at the University of Illinois at Chicago (USA) and completed his doctoral studies at the Department of Physical Education and Sport Science of Democritus University of Thrace (D.U.Th.) in Komotini, where he currently holds the position of Professor. His research interests mainly focus on behavior prediction, violence and aggression, homophobia in Greek sports, as well as the psychological dimensions of competitive sports. He has numerous published works in both Greek and international journals in the field of Exercise and Sport Psychology, such as: *Perceptual & Motor Skills*, *Psychological Reports*, *Changing Societies and Personalities*, *Polish Psychological Bulletin*, *International Journal of Environmental Research and Public Health*, *Acta Gymnica*, and *Archives of Hellenic Medicine*. He is also a member of several Greek and international scientific committees. Currently, in addition to his teaching and academic duties, he serves as the Head of the newly established Department of Occupational Therapy in the city of Komotini.
