DAISSy-HOU joined the launch event of the "ALL DIGITAL-Weeks 2026" european campaign

A vivid awareness event marked the launch of the "**ALL DIGITAL Weeks 2026**" campaign aiming at the promotion of digital skills for the inclusion, empowerment and employment of all people worldwide. The launch event was organised by the **ALL DIGITAL (AD)** european network, Coordinator of the campaign, on **Tuesday 10th March 2026 (12.00-14.30 CET), in Brussels**, providing the possiblity of online participation.

The **DAISSy Research Group** of the **Hellenic Open University (HOU)**, the **National Coordinator of the "ALL DIGITAL Weeks 2026" campaign in Greece and a member of the AD Network since 2016**, was represented at the launch event by Mrs Eleni Georgakakou, Head of Projects and Communication at DAISSy, being an elected member and AD Deputy Chair in the current term.

Specifically, Ms. Georgakakou attended the detailed presentation of the objectives and content of this year's campaign, whose edition focuses on "Digital Prosperity for a Competitive Europe". Subsequently, she actively participated in the workshop on modern digital skills in the 21st century, where she made interventions both on the growing needs for inclusion and ethical designs and interventions, as well as on the extensive work carried out by DAISSy-HOU in this field, but also on the commitment of the Research Group as National Coordinator, about promoting events, involving organizations and increasing the visibility of the "ALL DIGITAL Weeks 2026" campaign in Greece.

It is noteworthy that:

- 📌 Participation in the campaign is **free**.
- 📌 For organising an event or exploring learning opportunities, you may visit: https://all-digital.org/all-digital-weeks/
- 📌 Any interested entity that implements a related activity, can include it in the campaign and achieve its maximum visibility at a European level. This is possible by simply recording the event details on the dedicated "map" which will stay active in March 2026 and until the end of the campaign.
