(He)

Dr. Stylios Ioannis Tzagkarakis is Teaching Staff Member at the course “Public Health and Policies” of the School of Social Sciences of Hellenic Open University and Adjunct Lecturer at the Department of Sociology of the National and Kapodistrian University of Athens. He holds a bachelor’s degree in Political Science (Department of Political Science, University of Crete), a master's degree in Social Policy with a specialization in Economics, Administration, and Health Policy (Department of Social and Educational Policy, University of Peloponnese), a master's degree in Political Analysis and Political Theory with a specialization in European and Public Policies (Department of Political Science, University of Crete), and a doctoral degree (Ph.D.) with thesis title: "Crisis and Welfare State in Greece 2009-2015: A Critical Analysis" (Department of Political Science, University of Crete). He has worked as a principal researcher on numerous European and national research projects, and he has published over 60 scientific articles in Greek and English in scientific journals, conference proceedings, and collective volumes. His research and scientific interests focus, inter alia, on issues related to social policy, European and national public policies, social vulnerability, social rights, migration, and health policies.
